Episode 11. I Love Nature

I love the squirrels with their bushy tails

I love the flowers and I love the whales

Every single rock and every single tree

I love nature and nature loves me

All that I can touch and all that I can see

Makes me feel happy and makes me feel free

Butterflies and spiders and snakes and the sea

I love the earth and the earth loves me

Reading Guide: Print this document and be sure to give your little humans the colouring sheet that's included on page 4. The adult is the listener and must make sure to be free from distractions and not correct or coerce the conversation.

Take a deep breath and start with the words, "**Will you tell me...**"

- Do you love nature? What is your favourite part of nature? Take a moment to think before you reply. Remember, there are many parts of the natural world to consider: plants, animals, landscape etc. It may be hard to pick just one so you can pick three if you need to (draw them in the square below)
- What else do you love? Identify three things (add them into the square below)
- Who else do you love? Identify three people or animals (include them in the drawing below)

A large, empty square box with a thin black border, intended for children to draw their answers to the questions above.
